**Instructions:**

2. Cut out the strips.
3. Place glue on one end of the first strip and press it against the back of the other end to form a loop.
4. Place glue on the second strip and insert it through the first loop and create another loop just like the first one.
5. In the last strip, PRINT YOUR STATE'S NAME. Color in the background.
6. Continue until you have a chain of 5 loops to hang.

**Optional:**

Make a photocopy of this page and add more loops to make an even longer garland!
